**Thank you for Biking for Babies!**

# Biking for Babies

The concept of "Biking for Babies" is for individual cyclists, or teams of cyclists, to seek monetary pledges for participating in this event thus providing donations for TryLife Center in Lower Burrell. The event course has been changed due to restrictions in various townships, sewer projects and the difficulty in obtaining certain permits.

All cyclists will START/FINISH at the North Apollo Church of God, located at 507 20th Street, Apollo, PA 15613.

There are two courses:

1. The EASY 11 mile course is for BEGINNERS. This is designed so that more cyclists may participate.
2. The CHALLENGE 12 mile course is a bit tougher: somewhat hilly but an enjoyable ride.

Cyclists may do BOTH courses: warming up on the EASY 11 and then completing the CHALLENGE 12 for a total of 23 miles.

# Biking for Babies

*TryLife Center is a life-affirming pregnancy and family resource center dedicated to promoting physical, emotional and spiritual well being through confidential counseling, education and material support.*

TryLife Center is planning a summer fundraiser Saturday, June 25, 2016, that involves two wheels, one strong body and one big heart filled with a desire to help raise money and awareness for our mission.

TryLife Center currently serves hundreds of families a year from 4 counties. Services include: education on all stages of pregnancy, parenting, health issues and STD classes. We also provide maternity clothing for moms and many baby necessities such as car seats, cribs, mattresses, formula, cereal and diapers to those most in need.

Our center survives and is able to help hundreds of families because of the generous donations of businesses and individuals throughout the region.

**Thank you for your participation!**
